Harmful to aquatic life. **KEEP OUT OF REACH OF CHILDREN**

FOR MEDICAL AND TRANSPORTATION EMERGENCIES:

CHEMTREC US: 1-800-424-9300 | CHEMTREC World: 1-703-527-3887

DIRECTIONS FOR USE

Use only as directed.

1. Refer to the Crop Rate Chart for the recommended application rate for the specific crop to be treated.
2. Shake well or agitate PolyPro Silk products prior to use.
3. Application equipment must be clean and free of previously used seed treatment residues before applying any PolyPro Silk product.
4. Always check compatibility of all components that will be in the treatment slurry prior to large scale mixing.
5. Mix the treatment solution for a minimum of 10 minutes following the addition of all components. Maintain constant mechanical and bypass agitation throughout the entire mixing and treating process.
6. Accurate calibration of the application equipment and frequent check of this are advised to insure proper seed coverage and loading.
7. Environmental conditions such as temperature and humidity can influence seed handling and drying after treatment.

RATE APPLICATION

Product Use Rate: Fluid ounces per 100 lbs of seed

Seed Treatment: Corn: 2.50 - 15.00 Wheat: 1.00 - 3.00 Barley: 1.00 - 3.00 Legumes: 1.00 - 4.00

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food, or feed by storage or disposal. Do not reuse this container. Regular cleaning of atomizers, treating cups and spray nozzles is recommended.

Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture, and dispose of in a sanitary landfill or by other procedures approved by Federal, State, and local authorities.

General: Do not contaminate water, food, or feed by storage or disposal. Do not reuse this container.

NOTICE

There are no warranties extending beyond the description on the label hereof. The manufacturer warrants this product to be as described on the label. The manufacturers' liability on this warranty is limited to return of the purchase price of this product. The buyer assumes all risks and liability resulting from the use of this product, whether used singly or in combination with other goods. The manufacturer neither assumes nor authorizes any person to assume for it any other liability in connection with the sale or use of this product.

The US Federal Seed Act specifies that treated seed must be colored to prevent it from entering the food or feedstuff markets, to avoid accidental consumption.

Do not apply PolyPro Silk™ to crops applied to crops after harvest that are intended for food, feed crops, or grain.

40 CFR Status: This product meets the 40 CFR requirements for seed treatment applications
