DUST-REDUCTION ADDITIVE

TREAT-SAFE™

TREAT-SAFE is a dust-reduction additive for use with seed treatments.

PRINCIPAL FUNCTIONING AGENTS

Complex of fatty acid alkoxylate and free fatty acids... 100%
Total..... **100%**

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

TREAT-SAFE is designed for use as an additive with aqueous-based seed treatment slurries. **TREAT-SAFE** enhances the coverage of seed treatment onto the seed coat and improves retention of the seed treatment active ingredients on the seed after treatment, curing the treated seed handling process, and prior to planting

HAZARD STATEMENTS

- Causes mild skin irritation.
- Causes serious eye irritation.

PREVENTION

- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco.
- **PERSONAL PROTECTION EQUIPMENT:** Handler of this product must wear long-sleeve shirt, pants, shoes, socks, chemical resistant gloves, and splash proof safety goggles or face mask. For additional protection a chemical resistant apron or coveralls are suggested but not required.

FIRST AID

- **IF SWALLOWED:** Obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.
- **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing. If eye irritation persists get medical advice/attention.
- **IF ON SKIN:** Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention.
- **IF INHALED:** Move patient to fresh air and keep them warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious, place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

EMERGENCY TELEPHONE

- INFOTRAC 800-535-5053

STORAGE, DISPOSAL & SPILL

Do not contaminate water, food, or feed by storage and disposal.

- **STORAGE:** Store above 25° F. Store in original package tightly closed. Store in a cool, well-ventilated place. Do not allow water or other chemicals to be introduced into contents of container. Do not store near feed or food products. Do not use or store near open flame.
- **DISPOSAL:** Do not reuse empty container. Triple rinse or equivalent during mixing and loading and add rinse to spray tank. Recycling decontaminated containers is best option for disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your State and local ACRC recycler, visit the ACRC web site at www.agrecycling.org. Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Dispose of contents and container in accordance with local and national regulations.

DIRECTION FOR USE

CEREAL CROPS* (wheat, barley, oats, rye, triticale) suggested use rates: 0.75 to 2.00 fluid ounces per 100 pounds of seed applied in a minimum mixed slurry application of 8 fluid ounces or more per 100 pounds of seed.

LEGUMES* (chickpea, dry pea (dwarf, edible-pod, english, field, garden, green, snow, sugar snap), lentil) suggested use rates: 0.25 to 1.00 fluid ounces per 100 pounds of seed applied in a minimum mixed slurry application of 6 fluid ounces or more per 100 pounds of seed.

*Rates should be adjusted to obtain the desired coverage and performance based upon the seed size, seed coat, total slurry mix volume, and seed treatment application equipment.

SWEET CORN suggested use rates: 1.0 to 4.0 fluid ounces per 100 pounds of seed applied in a minimum mixed slurry application of 16 fluid ounces or more per 100 pounds of seed.

GRASS SEED (annual rye, perennial rye, tall fescue): Please contact your McGregor representative for supplemental label instructions including rate and application guidelines.

APPLICATION NOTICE

The application of Treat-Safe on very smooth hard surfaced legume seeds may result in an oily surface which can create rub-off residue on package and equipment surfaces. Trial use and evaluation should be conducted prior to full-scale treatment use of Treat-Safe on these types of seeds.

SEED PLANTING NOTICE

Treated seed including treatment with the addition of Treat-Safe may flow more freely than treated seed without the addition of Treat-Safe; calibration of seeding equipment with the treated seed is recommended prior to full-scale field planting operation.

MIXING INSTRUCTIONS

ALWAYS READ AND FOLLOW THE MIXING INSTRUCTIONS OF THE EPA REGISTERED SEED TREATMENT CHEMICAL FOR WHICH THIS PRODUCT IS BEING USED AS AN ADDITIVE. The use of a jar-test to confirm compatibility is recommended prior to large volume mixing of any new treatment slurry. In the absence of mixing instructions provided by the chemical manufacturer, follow these general mixing instructions to prepare the slurried treatment mix in the application slurry tank:

1. First, add the amount of water required (if any) and initiate mechanical or other mixing device.
2. Add wettable powder and/or dry flowable seed treatments (if any).
3. Add liquid flowable seed treatments.
4. Add emulsifiable concentrated seed treatments (if any).
5. Add the required amount of Treat-Safe.
6. Add remaining water (if any) and allow mixing to continue for 10 minutes prior to using.
7. Maintain application tank agitation during application.

IMPORTANT NOTICE; READ CAREFULLY

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing disease or insect pest, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot of a selected chemical treatment. Due to seed quality conditions beyond the control of the manufacturer, no claims are made to guarantee germination of carryover seed.

LIMITED WARRANTY AND CONDITIONS OF SALE

The Manufacturer warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. Neither Manufacturer or Seller makes any other express or implied warranties, including without limitation, the implied warranty of merchantability or fitness for a particular purpose, all of which are expressly disclaimed. Any damages arising from a breach of the Manufacturer's warranty shall be limited to direct damages, shall not include indirect or consequential damages such as loss of profits or values, and shall not, in any event, exceed the purchase price of this package of product. This Limited Warranty does not extend to the use of the product inconsistent with the label instructions, warnings or cautions, or use of the product under abnormal conditions such as drought, excessive rainfall or other weather conditions or factors that are beyond the control of the Manufacturer and/or the Seller. Any written or verbal statements or agreements cannot vary the terms of this Limited Warranty and Disclaimer. No employee or agent of the Manufacturer or Seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.
