

Principal Functioning Agents

Oxirane,2-methyl-, polymer with oxirane, mono(2 ethylhexyl) ether; alcohol ethoxylate phosphate ester; soybean oil, ethoxylated.....82.48%

Constituents ineffective as spray adjuvant.....17.52%

Total.....100.00%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

Manufactured For

McGregor Company

P.O. Box 740

**DOWNRIGGER IS
NOT FOR AQUATIC USE**

WA Reg. No. 39303-17001

McGREGOR DOWNRIGGER™

**Surfactant,
Drift Reduction,
Deposition Aid,
Activator, Acidifier**

**KEEP OUT OF REACH OF CHILDREN
WARNING**

Causes serious eye irritation.

Causes skin irritation.

May be harmful if swallowed.

Precautionary Statements

Wear protective gloves and eye/face protection. Wash thoroughly after handling.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

IF ON SKIN OR CLOTHING: Wash skin with plenty of soap and water. If skin irritation persists, get medical advice/attention. Take off contaminated clothing and wash before reuse.

IF SWALLOWED: Rinse mouth. Call a poison center or doctor/physician if you feel unwell.

Refer to back label for more First Aid statements.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.

Storage: Do not store below 32°F or above 120°F. Store in a well-ventilated space. Keep container tightly closed. Keep cool.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/ container in accordance with local and national regulations.

PATENT PENDING

General Information

Downrigger is a unique tank mix adjuvant formulation containing water conditioners, surfactants, activators, deposition, acidifying agents and antifoam.

Downrigger reduces the antagonistic effects of hard spray water. Spray water containing dissolved minerals can have a negative impact on herbicide efficacy. Downrigger's specialized formulation will lower the pH of the spray solution which helps increase the effectiveness of weak acid herbicides such as glyphosate.

Downrigger suppresses off-target drift and enhances canopy penetration by providing a more uniform spray pattern, thereby increasing spray deposition and coverage of targeted surfaces.

Downrigger contains a nonionic surfactant system to optimize wetting and spreading of the spray droplet. Downrigger slows spray droplet drying time to minimize droplet evaporation and improve absorption during low humidity conditions.

Downrigger contains antifoam to help reduce troublesome foam.

Do not use Downrigger with sulfonamide herbicides or sulfonylurea herbicides or other mixtures that cannot tolerate low pH levels.

First Aid

If In Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or doctor/physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or doctor/physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

Directions For Use

Always read and follow adjuvant use instructions found on the pesticide label before using. For use with pesticides registered for use for agriculture, forestry, industrial municipal, non-cropland and right-of-way.

Use Rates

Use 2 quarts (0.50% v/v) to 3 quarts (0.75% v/v) of Downrigger in 100 gallons of spray water. For enhanced deposition and drift suppression, use the higher rate.

Mixing

Unless otherwise instructed by pesticide label, fill the spray tank one-half full with water and begin agitation. Add Downrigger and continue agitation. Continue filling the tank adding pesticides and fertilizers as directed by product labels.

Environmental Hazards

Do not contaminate water sources by cleaning of equipment or disposal of waste waters.

DOWNRIGGER IS NOT FOR AQUATIC USE

NOTICE: READ CAREFULLY

Limited Warranty and Disclaimer

The Manufacturer warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. Neither Manufacturer or Seller makes any other express or implied warranties, including without limitation, the implied warranty of merchantability or fitness for a particular purpose, all of which are expressly disclaimed. Any damages arising from a breach of the Manufacturer's warranty shall be limited to direct damages, shall not include indirect or consequential damages such as loss of profits or values, and shall not, in any event, exceed the purchase price of this package of product. This Limited Warranty does not extend to the use of the product inconsistent with the label instructions, warnings or cautions, or use of the product under abnormal conditions such as drought, excessive rainfall or other weather conditions or factors that are beyond the control of the Manufacturer and/or the Seller. Any written or verbal statements or agreements cannot vary the terms of this Limited Warranty and Disclaimer. No employee or agent of the Manufacturer or Seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.
