SEEDSTART™

ZEUS

0-0-0

DIRECTIONS FOR USE

SeedStart Zeus is a micronized high concentration Zinc Oxide with unique MicroFuze Technology for use as a seed-applied nutrient. SeedStart Zeus is compatible with most commercially available seed treatments.

Not for use with other oxidizing materials or any phosphate containing fertilizers. Do not apply to damaged seed or seed with low germination test scores. Before using this product, consult your local McGregor Seed Care Representative for additional use instructions and mixing order. Use only as directed.

RATE APPLICATION

Seed Treatment: Wheat and Barley: 2-8 oz./cwt.
Dry beans, peas, lentils, garbanzos, and large seeded vegetables: 2-8 oz./cwt.
Corn: 2-8 oz./cwt.
Other crops: consult your McGregor representative.

SEED TREATMENT APPLICATION RECOMMENDATIONS

Dilution: Slurry rates may need to be adjusted to maintain 40% water ratios and additives such as Treat Safe are recommended to limit dust off.
Regular cleaning of atomizers, treating cups and spray nozzles is recommended.

TREATMENT METHOD:

Slurry Application: SeedStart Zeus can be used with standard seed treatment application equipment. Ensure uniform application.

Injection System: Water should be added at 40% water ration to SeedStart Zeus before injecting. Compatibility and stability testing is recommended before applications are made.

CONDITIONS OF SALE

The information contained hereon is believed to be accurate and reliable. Buyer/User acknowledges and assumes all liability from use of this material. Follow directions and recommendations carefully. Rates and methods of application, timing, weather, soil, water, turf, plant, crop condition, prior control material usage and "acts of God" are beyond the control of the Sellers and Manufacturers.

STORAGE CAUTIONS

Store locked up. Protect from sunlight. Avoid direct or excessive sun, heat, fire or frigid exposure. Do not expose to temperature exceeding 122°F (50°C) or store at temperatures below 40°F (4°C). Exercise care when storing or dispensing product.

HANDLING CAUTIONS

Exercise care when applying product. May be harmful if swallowed or inhaled. Keep out of children's reach. Avoid eye contact and prolonged, repeated contact with skin. May cause eye, membrane and skin irritation. Wash all contact areas thoroughly after handling. Totes and drums should be mixed prior to use and at least every month by recirculating pumps or pulse-air systems. For smaller packages, shake before use.
